## De nuestra Ministra Ejecutiva de la Conferencia ~ Iris deLeón-Hartshorn

**Back from Anchorage 2010.** There was a wonderful spirit at the Annual Meeting. We had wonderful times of worship and times for discussion. One of many things discussed was Mennonite Church USA's need to decide whether we go to Phoenix for the Mennonite Convention in 2013. The new AZ immigration bill will keep Hispanics out for several reasons. First, if a Hispanic does not have documentation, they are at risk of being questioned and deported. Those who are citizens, or who have documentation to be in this country, fear being unjustly profiled and possibly harassed. The PNMC board will do some further discernment. We will be sharing a resolution that the Peace and Justice Ministry group has written once we do additional work with the responses we got from the delegates.

The *Evangel* summer issue will feature stories and pictures from Anchorage 2010. Please be sure to ask those who went to Anchorage about their experience. In a few weeks we hope to have video of some of the activities that took place in Anchorage.

*Dwelling in the Word* was also introduced at the Annual Meeting. We will be sending out packets in August so that congregations can begin using the materials in the fall. We will also provide additional information on the website. Keep your eyes open for *Dwelling in the Word* material!

*God's grace and peace to you.*

## MENNONITE CHURCH USA Y OTRAS AGENCIAS AL NIVEL DE TODA LA IGLESIA

### Mennonite Central Committee (MCC)

MCC has a solid, holistic plan for the earthquake response over the next five or so years in Haiti. MCC feels a great responsibility to use these resources wisely, in the way donors intended, in the way God intends, and in a way that will rebuild Haiti toward a hopeful future. As of June 9, MCC has received about \$13.9 million for Haiti earthquake response. (~\$8.2 million in Canada; ~\$5.7 million in the U.S.) People also gave generously in material resources. Potential contributions from Canadian Foodgrains Bank and other sources could boost total contributions to about \$20 million. **Due to generous giving, the Haiti earthquake response is now funded.** Moving forward, MCC feels it is important to honor their ongoing commitments to people and programs in other countries in which it works, and to be able to respond to new disasters and other needs with the same care it is applying to Haiti. In fact, this giving to 'where needed most' is what allowed MCC to work in Haiti for 50 years before the earthquake and be in position for an immediate response.

### Mennonite Mission Network (MMN)

**Mennonite Voluntary Service** is looking for volunteers for several high-need placements in the 2010-11 season. MVS is also seeking a program assistant for the Computers for Youth program in New York City.
